**Subject:** RE: Realignment Plan

Hi Kathy-

Attached is an overview of the DBVI situation and the plan outline as it currently stands. We are finally fairly confident in the FFY 2016 Federal Grant award amount although are watching closely how things proceed with the Continuing Resolution and looming debt ceiling deadline. We are several weeks away from closing out FFY 2015, so those estimates may change.

Clearly, there are many details to work through and we understood that the October 21<sup>st</sup> meeting was the opportunity to do so. Please advise if that is not correct. You have indicated that you would prefer to communicate with me in writing, but if a quick phone call would be helpful in answering any questions about the attachment, I would be happy to set up a time to speak.

Karen
